

Silent Auction Wish List and Underwriting Information

We need items on our silent auction wish list (below) including items and opportunities to enjoy at home. We will offer these items on the GiveSmart site for your underwriting opportunity. Please go to www.mfabenefit.org and click on Silent Auction items to underwrite. You will see a list of items specifically chosen by our committee for our silent auction. Click to donate, and the system will take your payment for your item. You are now an auction item donor. No need to bring the item to campus, this will all be handled for you. This enables us to buy the item and ship it directly to the winning bidder. You will also be credited for your item by putting your MFA# into the system.

Our ultimate wish list items are vacation homes and travel destinations. We also need golf packages, sports and concert tickets, and fine dining packages. Also, we are always looking for those ever-popular electronics: smart televisions, iPads, Apple earbuds, smart watches. If you have any donations of this nature, please contact Margaret Dillon with details of your donation. MFA members can get credit for these items by listing them on your quarterly report.

We are interested in any ideas that you have as well as answering any questions that you have. If you, any of your family or friends have connections with people who could assist us with obtaining these types of items, please contact us. Thanks in advance.
